Opal Coffee
Specialty Green

HISTORY

Godoy's de Guatemala is a medium-sized family operated coffee business. The farm is located in the south east corner of Guatemala, near the border with El Salvador, on a small volcano called Moyuta.

The coffee from Nuevo Oriente is composed primarily of small to medium-sized plantations and the roasted coffee tends to have notes of chocolate in the cup with a pleasant aftertaste.

PRODUCER

FAMILIA GODOY

LOCATION

COUNTRY
GUATEMALA
